

Alessandro Broda

IT - Computer scientist

About Me

I'm about to graduate in Computer Science from the University of Camerino, with a strong work ethic and a passion for technology.

My varied work experience has taught me adaptability, teamwork, and problem-solving skills. I am eager to apply my knowledge and grow professionally in challenging and dynamic environments.

I work well both independently and as part of a team, quickly adjusting to different roles and responsibilities. This flexibility allows me to contribute effectively in collaborative projects as well as manage tasks on my own with reliability and precision.

 Fabriano, Italy

Education

- 2023-2026
Computer Science,
University of Camerino.
Piazza Cavour- 62032 Camerino, MC

Work Experience

- Football Referee
| I.A.I.A, Jesi
- Hairdresser's assistant
| IRoberto Hairstylist saloon, Fabriano
- Pizza and Delivery Boy
| IPizza Magna, Fabriano
- Volunteer
| ICroce Azzurra, Fabriano
- Kitchen Help
| Scout group, Fabriano
- Art guide
| Collezione Ruggeri-Mannucci,
IPolo Culturale Polivalente, Fabriano

Open Badge

- English B1 – Reading & Listening

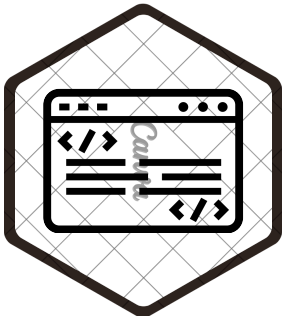

Badge certifying upper-intermediate (B1) English skills in reading and listening, according to CEFR. It shows the ability to understand complex texts and follow technical discussions. Clicking the badge opens the Bestr page with test evidence.

- First Aid & BLSD – Certified Responder

Badge confirming completion of First Aid and BLSD (Basic Life Support & Defibrillation) training. It shows practical knowledge of emergency management, CPR techniques, and the safe use of automated external defibrillators (AED).

Technical Skills e Projects

- Software skills

Engineering & Design: GMAT, MATLAB, CATIA, SOLIDWORKS

Programming & Databases: C++, C#, JavaScript, MySQL, GitHub

Productivity & Office: Microsoft Office Suite (Word, Excel, PowerPoint, etc.), Gemini Enterprise

- Project Skills

Developed hands-on experience in software design, implementation, and testing.

Applied Agile methods and Git-based collaboration.

Focused on clean, scalable, and well-documented code.

alessandrobroda03@gmail.com

● Algorithms and Data Structures - Excellent

Achieved an outstanding level of proficiency in algorithm design and data management, demonstrating strong analytical and optimization skills for complex computations.

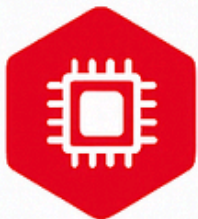

● Digital Product Law - Excellent

Developed a comprehensive understanding of digital legislation, privacy compliance, and intellectual property in technology-driven contexts.

● Operations Research - Advanced

Mastered quantitative decision-making methods and optimization models for real-world engineering and management systems.

● Internet, Networks and Security - Advanced

Acquired advanced skills in network architecture, cybersecurity principles, and secure protocol design.

● Operating Systems - Advanced

deep understanding of OS architectures, process synchronization, and system-level resource management

● Mathematics – Advanced

Developed analytical skills through the study of calculus, linear algebra, and applied mathematics. Ability to model and solve computational problems using rigorous mathematical methods.

● Programming – Excellent

Demonstrated proficiency in structured and object-oriented programming, focusing on design and optimization.
